

# Scottish Materials Brokerage Service Update | September 2016

## Residual

- (a) The drafting of the ITT has slipped further due to the holiday period and is now on course to be issued end September 2016. The deadline for data returns was 01/09/16. If your organisation has still to return, please arrange this as soon as possible.

## DMR

- (a) Stephen Ogilvy has joined the team as a buyer and is currently being inducted into the programme. Formal introductions will follow shortly. A further buyer will join the DMR stream at the end of September.

## Source Separated - Glass

- (a) Sharron Jeffrey has joined the source separated workstream. Formal introductions will follow shortly.
- (b) Glass strategy has been endorsed by the programme governance arrangements and now further input will be sought from waste managers and industry
- (c) A series of workshops and face to face sessions with UIG members will now be arranged.
